

### **REMARKS**

After receipt of the Notice of Allowance in this case, it was discovered that the reference numeral 58 had been used to identify two different components. It is therefore requested that this amendment after Notice of Allowance be entered, to correct this error.

The correction occurs on page 7 of the specification, wherein the central opening of the windshield is changed to reference numeral 57. The same correction is made to the drawing (Figure 1). A replacement copy of the drawing with this correction is attached to this amendment.

Entry of this amendment is respectfully requested.

Respectfully submitted,

A handwritten signature in black ink, reading "George R. Nimmer". The signature is fluid and cursive, with the first name "George" and last name "Nimmer" clearly distinguishable.
